A 5-PART SERIES DESIGNED
TO EDUCATE AND
ENLIGHTEN ESG LEARNING

TM AMNIE ACADEMY

A 5 - PART SERIES DESIGNED
TO EDUCATE AND ENLIGHTEN
ESG LEARNING

About Us

AMNIE Academy's masterclass on ESG and sustainability offers an excellent starting point to begin your journey into all things ESG.

Who Is this For?

These courses are geared towards those seeking an agile and convenient way to learn the ins and outs of sustainability and ESG integration.

After This Masterclass You Will:

Keep pace with key
global ESG business
trends

Increase business
resilience through risk
preparedness

Improve corporate
decision-making

The courses are available online or as facilitated workshops to enable executives and their organizations to align on fundamentals and anticipate challenges ahead of time.

Our Experts

Our instructors take you through the basics of how ESG, impact and sustainability intersect, and provide tools to build your own path, engaging in the critical thinking needed to apply these principles in practice.

These courses provide an excellent diving board into ESG and sustainability in easy-to-digest bites.

COURSES

 <p>COURSE 1</p>	<p>Introduction to Sustainability Which sustainability trends and risks are most relevant today? Think through the sustainability evolution to what ESG means in practice for business culture, strategy, risk, and performance. Assess which material issues affect your business.</p>
 <p>COURSE 2</p>	<p>Diversity and Inclusion How do you develop a culture that enables innovation and sustainability? It starts with discovering the hidden barriers to innovation and then practicing the cutting edge tips that build inclusive teams with unlocked potential.</p>
 <p>COURSE 3</p>	<p>Your Path to Net Positive How is the financial sector impacted by climate risk? What is Net Positive VS. Net Zero? Which impact and sustainability or ESG practices should a company prioritize? Whether public or private, cut through the noise and tell an authentic story.</p>
 <p>COURSE 4</p>	<p>Communicating with Impact What do you need to know about communications versus reporting when it comes to ESG? The key distinction is accountability. Learn how to effectively communicate ESG messaging and mandates.</p>
 <p>COURSE 5</p>	<p>The Art of Ethos How does sustainability intersect with values? In which way are sustainability and purpose linked? How does the awareness and knowledge of self lead to sustainability in business and in life? Embark on your personal inquiry into growth and potential.</p>
